

EMERGENCY SIGNAGE SOLUTIONS

We know the entire world is being affected by COVID-19, the Coronavirus. Please know through these tough times that the Super Color Digital family is standing by our client partners.

Super Color Digital is offering several ways to communicate important changes to all of your customers. With our Emergency Signage Solutions, Super Color Digital wants to make communicating important changes and news to your customers much easier and quicker.

Examples include:

- Temporary closures
- Emergency Contact Information
- Curb side pick up
- "We are open for business"
- New or updated hours
- Closed until specified time
- Home delivery only
- COVID-19 Information

With these emergency communication solutions, they are inexpensive and very easy to install. Whether ordering 1 or 1000s, they can be kitted and drop shipped overnight, if needed.

We are not just a printer, but a printing partner here for our client partners every step of the way.

Call your Super Color Digital account representative and learn more about our Emergency Communication Solutions.
